

## Wholesale Customer Registration

Thank you for your interest in our company. Kobes Nurseries (2025) Inc. welcomes all landscape professionals, however we require our customers to register.

The qualifications to register for a wholesale account are based on the following requirements:

1. Your livelihood is earned by Green Industry activities.
2. You present your business card or company cheque that relate to the Green industry.
3. A Wholesale Customer Registration form is submitted in full.

### **What does wholesale mean?**

We do not sell to the public. There are many fine Garden Centers in the area.

We are a supplier to landscape contractors, nurseries, golf courses, park departments and other qualified wholesale suppliers. Our customers earn their livelihood through Green Industry activities. Meeting the qualifications and a verified registration form are required prior to purchasing.

### **Can I send my customer in to pick out material?**

No. It is our policy that we will not service your customer outside of your presence. You must accompany your customer to the nursery to give them the opportunity to pick their material out. Experience has taught us it is not in your best interest for us to deal directly with your customer. We ask that you please do not put us in the awkward position of discussing pricing in your customer's presence.

### **What is your tagging policy?**

Customers who wish to tag plants must advise the office prior to tagging material. We will supply tags and advise locations of plant material. All tagged plants must be picked up or delivered within 15 days of tagging, after which all tags will be removed unless other arrangements have been made. A maintenance charge may be applied to items requiring extended storage time
